

Compassionate, Reflective, Inclusive, Supportive, Transformative

We are a fully inclusive and very successful inner-city Church of England school for girls. We have a proud history and exciting future. Our roots can be traced back to 1562 giving both stability and tradition that enables our whole community to learn from the very best of our shared heritage. Our students go on to be makers of the future.

Register for the event from Thursday 1st October using the following link:
