

## Pupil Premium at St. Saviour's and St. Olave's

***At St. Saviour's and St. Olave's school, we value our learning and each other and as an Anglican school we seek to ensure that every student has the maximum opportunity to fulfil their God-given potential, regardless of economic circumstance.***

The table below is intended to illustrate our broad areas of focus and examples of quantifiable headlines that show the impact of our provision. We report on the last academic year for which verified figures are available.

<b>Potential Barrier</b>	<b>Description of barrier for PP cohort</b>	<b>Impact in 2018-19 at SSSO*</b>
1. Attendance	Students who face economic disadvantage are more likely to have lower rates of attendance.	PP students had an average attendance rate of 96.0% vs. 96.7% for non-PP students. This equates to a gap of 0.7%; the national average gap is 3.6%.
2. Outcomes	Students who face economic disadvantage are more likely to under-achieve compared to their non-pupil premium peers.	For the P8 measure, the national average for PP students was - 0.45. SSSO PP students scored an average P8 score of +0.45.
3. Pastoral support	Pupil premium students are more likely to receive a compromised level of pastoral care at home.	SSSO has had no permanent exclusions for the last three years and internal exclusions have declined year on year.
4. Academic Support	Students in a pupil premium cohort are less likely to have access to resources that will aid effective study.	Using the Attainment 8 measure, the national gap between PP and non-PP students is 3.7. At SSSO, the gap was -0.7
5. Academic Intervention	Students from disadvantaged backgrounds can lag behind their peers and will need support to catch up.	According to FFT Aspire, the P8 and A8 scores for our PP cohort both were significantly above national average.
6. Extra-curricular activities	Enriching opportunities to build cultural capital may not be readily available to those who are economically disadvantaged.	Example: in 2018-19, 43% of the cast of our annual production were pupil premium students.
7. Destinations	Pupil premium students are less likely to have access at home to advice and guidance on their academic path.	Out of 21 students in Year 13 previously categorised as 'Ever 6', 20 students (95%) secured a university place and one student entered the workforce.

*Figures in brackets are student counts*

How much funding do we receive for this cohort and how do we spend it?

For 2017-18, we received £286,000.

For 2018-19, we received £271,150.

**For 2019-20, we have been allocated £246,373**

Government guidance states that decisions on how to spend the money should be evidence-based. This means sharing good practice within our network, analysing data that we generate and looking at external sources like the Educational Endowment Fund's toolkit.

## **Pupil Premium at St. Saviour's and St. Olave's**

The following list, which is not intended to be exhaustive, includes examples of indicators that spending is having a positive impact on Pupil Premium students. We use these indicators to help review our spending decisions for the following academic year.

- Rate of attendance is high and better than the national average for Pupil Premium students
- Progress data is significantly about the national average for PP students and matches that of their non-PP peers
- Exclusion figures are below the national average
- Parental engagement is high (e.g. attendance to Parents' Evenings)
- Improvement in reading ages
- Student engagement is high for trips and extra-curricular activities
- No NEETS among our school leavers and evidence of aspirational pathways

The following table lists the ways in which we spent our allocation in 2018-19. We use quantitative indicators (shown in the table on page 1) as well as other data to make decisions going forward. All spending is reviewed within and at the end of each academic year.

## Pupil Premium at St. Saviour's and St. Olave's

Action in 2018-19	Barrier	Cost	Intended impact
Att. and Beh. Support Y7 – 13	3	£110,700	Provides support for disadvantaged students at risk of exclusion or have low attendance
Drama therapist Y7 - 13	3		Provides therapeutic support to students who do not meet borough threshold
Pastoral Officers (x3) Y7 - 11	3		Provides pastoral support for disadvantaged students
Extra group for Maths and Sci.	4	£3,750	Provides more individual support for PP students so the gap can narrow or close at KS3
Action Tutoring in E&M for Y11	5	£4,000	Provides extra E&M tuition specifically for PP students
SALT support Y7 - 11	5	£4,300	Provides additional support for disadvantaged students with speech and language needs
Boosters for Lit., Num. Y7	5	£4,800	Provides capacity for intervention for disadvantaged students
LSAs Y7 - 11	5	£64,000	Provides specialist capacity for intervention for disadvantaged students who have SEN
Online study support Y7 - 11	5	£3,100	Provides extra support for independent learning
Extended schools activities	6	£50,000	Ensures disadvantaged students have access to a range of enrichment activities
Breakfast club Y7 - 13	3, 5	£1,500	Provides disadvantaged students with nutritional breakfast and extra subject support
Careers & Raising Asp. Y7 - 13	1, 3, 7	£25,000	Provides disadvantaged students with activities, visits, advice and guidance
<b>Total Spend</b>		<b>£271,150</b>
