

Creative Arts Week 2020

Black Lives Matter and Anti-Racism

Religious Studies

Religious Studies

- This year the RS department will be taking part in Arts week by following the 'Spirited Arts' curriculum put forward by NATRE (National Association of Teachers of Religious Education).
- The programme gives pupils the opportunity to explore the relationship between faith and art by following lessons on themes such as 'God's Good Earth' and 'Inspiring!'. Within these lessons pupils will be asked to focus on how different faiths explore these two themes either within their holy book or within the work they do through charities and education.
- At the end of each lesson pupils will be asked to create their own piece of art based on the theme presented to them. This can be in any style they choose from a pencil sketch to a photograph depending on what they have available to them.
- These pieces of art will be displayed on google classroom for the year group to see and the best pieces will be submitted to NATRE for judging in the national competition.
