

Religious Studies

At St. Saviour's & St. Olave's, our departmental vision is to develop religiously literate students who are confident and capable of grappling with competing truth claims to make rational, informed, and personal decisions about these truth claims.

KS3 Curriculum for Religious Studies

In KS3 our students academically and critically engage with competing worldviews with depth and empathy. By the end of Key Stage 3 students should be able to question and respond to questions on meaning, purpose, and values, write an extended piece of writing considering a range of viewpoints, critically challenge stereotypes, give, and develop informed points of views and evaluate a range of sources for their authenticity and value for religious and non-religious believers.
